# THE VERMONT VOTERS REPORT CARD

In this report card you will learn how your Representatives and Senators voted on the key issues of 2001-2002. It presents 10 key votes in the House and 7 key votes in the Senate, chosen to cover the issues of greatest public interest in this biennial session. Many other issues were voted upon (including notably Medicaid reform, Act 60 reform, and redistricting), but we felt that these votes were the most clear-cut and indicative on issues of broad public interest.

In reading a report card, it should be kept in mind that any arbitrarily selected set of votes may not be a fair representation of the overall performance of any legislator.

The House and Senate charts show the names, districts, party affiliation, and the legislator's votes on the numbered issues. For complete information on the legislature, go to [www.leg.state.vt.us](http://www.leg.state.vt.us).

Abbreviations: Y =Yes vote

N =No vote

A =Absent

\* =Not a member at time of vote

D =Democrat

R =Republican

P =Progressive

I =Independent

## 2001-2002

- 1. Flag Protection (JRS 9):** Canns (R-Caledonia) amendment supporting a Constitutional Amendment to “prohibit the physical desecration of the flag.” Failed 14-15 (Lt. Gov. Racine voted No to break a tie.) (1/30/01) JRS 9 as ultimately adopted asked Congress to protect the flag without specifying the means.
- 2. Champion Lands (S 275):** Illuzzi -Greenwood amendment to require that a management plan for the West Mountain tract be professionally prepared and jointly approved by ANR and a citizens council, and that existing restrictive easements be amended to conform. Failed 13-15. (2/5/02).
- 3. Medicaid Buy-In (S. 254):** This bill would have allowed small businesses and their employees to “buy in” to the Medicaid program, to get the benefit of the state’s underpayments to medical providers. Passed 20-10. (3/26/02) (Died in House.)
- 4. Energy Price Fixing (S. 264):** This bill would have required electric utilities to buy government-specified amounts of “green” power at above market prices, appropriated \$750,000 to subsidize purchasers of “green” energy systems, and authorized “net metering” for farms. Passed 27-1. (3/28/02). (Died in House.)
- 5. Parental Choice in Education (H. 771):** Corrow (R-Orange) amendment to add the House-passed parental choice bill (H. 716) to this tax bill. The amendment was ruled non-germane, and an appeal failed 10-18. (Those voting Yes favored Senate consideration of the parental choice bill.) (6/1/02)
- 6. On-site Sewage (S. 27):** This bill ended the 10-acre exemption from percolation testing, authorized new sewage treatment technologies, required licensed septic system designers, and regulated repair of failed septic systems. Senate accepted House version 20-9 (6/3/02).
- 7. Capital Bill (Redistricting) (H. 763):** This vote was on suspending the rules to pass the capital construction bill. Had this motion succeeded, Senate President Peter Shumlin (D-Windham) intended to adjourn the session without passing a redistricting bill, leaving that issue to be settled by the Supreme Court. Failed 15-11 (3/4 vote required). (6/8/02). (The Senate returned four days later, passed the capital bill 28-0, adopted a redistricting plan, and then adjourned.)
